Minneapolis Community Education

Driver's Education Classroom Training

This Driver's Education course consists of the State-required 30 hours of classroom instruction. Program instructors are certified to teach classroom and Behind-the-Wheel. Classroom training is open to any student 14 years and older (14-year-olds cannot get a permit until they turn 15). Students must be a U.S. citizen, Permanent Resident or be in possession of a Resident Alien Card (I-551 or I-151). **Classroom instruction cost is $125.**

State Law requires students to be present during all 30 hours of instruction; students may not miss any hours of class. Absence for one day may be possible if parent/guardian calls the teacher and arranges make-up work.

Students will receive a certificate verifying the completion of the 30 hours of classroom instruction through Minneapolis Community Education. Proof of classroom completion is required for a student to register for a Behind-the-Wheel program.

State Law requires registration with an accredited Behind-the-Wheel program before students can take the permit test. During the classroom portion, instructors will provide students with resources and registration options for Behind-the-Wheel training, so they can take their permit test upon completion of the 30-hour classroom requirement.

MINNEAPOLIS PUBLIC SCHOOLS
Urban Education. Global Citizens.

Minneapolis Community Education is a program of the Minneapolis Public Schools.
