

Minneapolis Community Education

Driver's Education Classroom Training

This Driver's Education course consists of the State-required 30 hours of classroom instruction. The class is taught by certified instructors and is open to any student 14 years and older. 14-year-olds cannot get a permit until they turn 15. Students must be a U.S. citizen, Permanent Resident or be in possession of a Resident Alien Card (I-551 or I-151). Classroom instruction cost is \$125.

State Law requires students to be present during all 30 hours of instruction; students may not miss any hours of class.

State Law requires registration with an accredited Behind-the-Wheel program before students can take the permit test. During the classroom portion, students will bring home information on how to register with a Behind-the-Wheel program so they can take their permit test upon completion of the classroom instruction. Behind-the-Wheel cost is not included in this class and can be arranged directly with the instructor or another driving school. A deposit can be paid to the classroom instructor with balance due at student's first lesson. If a student is not registered with a Behind-the-Wheel program before the end of the classroom instruction, they will receive a completion certificate. This certificate will verify the completion of the 30 hours of classroom instruction to the Behind-the-Wheel program the student chooses to register with at a later date.

Minneapolis Community Education Driver's Education Classroom Training Registration Form

November 26 - December 13, 3:15-5:45 pm

Student's Name (Last, first, middle): _____ Date of Birth: ____/____/____
