Course Overview:

This course is open to any 9th-12th grade student and has a concentration on movement fundamentals through the dance elements of body, action, time, space and energy. The intent is to give students an awareness and reverence for the physical body and its athletic and expressive capabilities. Students experience these elements through a variety of dance styles and genres. Introductory elements of dance choreography and performance are also included.

Grading

40% Summative (movement studies and reflective writing)

60% Formative (daily work, work sheets, discussions)

Physical Work

Be prepared to fully and actively participate in all aspects of this course, including discussion, projects, presentations, and movement experiences. You may be challenged to try new things, however, all students are expected to keep an open mind. You are NOT graded on your ability level. You WILL be graded on your overall attitude, effort, progress and participation in class.

You earn 2 points a day for class participation. If you are unable to attend a google meet, you will be required to do a make-up assignment for the physical movement part of the class.

Inclusion Practices

It is my intention that students from all diverse backgrounds and perspectives be well served by this course. The diversity that each student brings to this class will be viewed as a strength, benefit and resource. I want to make sure that students' learning needs are addressed both in and out of class. Please let me know ways to improve the course for you personally or for other students or student groups. In addition, if any of our class meetings conflict with your religious events, please let me know so that we can make arrangements for you.
